Subject: Please Adopt Strong Fracking Rules

Dear Jodie Columbie,

The AOGCC must stand strong and adopt new fracking rules that protect our right-to-know about toxic fracking fluids used around our homes, our salmon streams and our drinking water sources.

Decisions that impact the health and well being of Alaskans and the natural resources we rely on, must not be behind-closed-door decisions. Full disclosure does imply full accountability. Without disclosure we risk having no accountability.

Sincerely,
Margo Reveil
